## EDUCATION

in Computer Science

Dec - June  
: %

Kendriya Vidyalaya,

May - June  
Percent: %

Kendriya Vidyalaya,  
Std-Xth

May - June  
Percent: %

## EXPERIENCE

Link

Research Intern

June - July

- The project focuses on simulating drug pharmacokinetics under microgravity conditions. My role involved developing ODE-based compartmental models in , integrating transporter gene expression data, and applying data science techniques to analyze how physiological changes affect drug behavior in Spaceflight.

## PROJECTS

### REDACT-TOOL

repo

- REDACT-TOOL is an easy-to-use and secure redaction tool, which allows users to **anonymize sensitive info** across various input formats. It can identify and anonymize sensitive data and automatically redact sensitive data with %+ **accuracy** across + file formats, reducing manual review time by %
- **Tools Used:** SpaCy, Faker, , , ReactJS, Flask API

### AI-TRIP PLAN Repo

Link

- Bilt an **AI-powered full-stack travel platform** with social features (blogs, groups, profiles), personalized itinerary generation using , and comprehensive backend with Node.js/Express, MongoDB.
- Developed a responsive React.js frontend with modern components, advanced search/filtering, social interactions, and cross-device optimization using CSS.
- **Tools Used:** ReactJS, Node.js/Express, MongoDB, , , , , -CSS.

### Repo

Link

- Developed a full-stack job portal with **role-based authentication, dynamic routing**, and a **responsive user interface** to facilitate seamless interaction between job seekers and employers.
- **Tools Used:** MongoDB, ExpressJS, ReactJS, , , ,

## SKILLS

**Languages:** C/C++, , ,

**Web Technologies:** HT, CSS, , ReactJS, , ExpressJs, GitHub, Postman, Clerk, Docker

**Databases:** Oracle DB, My, MongoDB

**Machine Learning:** Supervised Learning, , , Named Entity Recognition ( )

**Coursework:** DSA, OOPs, Operating System, , , , Cryptography

**Soft Skills:** Attention to detail, excellent verbal communication, problem solving skills, organizational skills

## ACHIEVEMENTS

- Finalist at **Smart Hackathon** , ranked among the top of of teams nationwide for problem statement **SIH6** using , and cybersecurity.
- Finalist in the D3 FEST CRAFT-N-CODE Internal Hackathon organized jointly by ( ).
- Solved more than + **problems** on different coding platforms.
